A Family with Different Backgrounds
yet...
With one Mission!

VIP Medical Supplies, LLC, is a family-owned and operated business. Each one of us comes from a different background: a currently active Medic with over 24 years street experience, a college Vice-President, an attorney, a CPA, a successful small business owner and a Vice-President for a large not-for-profit, long-term healthcare facility for the frail elderly.

Our Mission Statement

To offer our customers the very best service, quality products and a wide range of EMS supplies at the best prices available.

VIP EMS Products - A division of **VIP Medical Supplies**

Shipping & Delivery

VIP EMS Products ships most of its products via standard ground, to anywhere in the US, with the exception of Alaska and Hawaii (which requires special shipment arrangements).

There is an \$8.95 Shipping and Handling charge on all orders under \$500.00. All orders of \$500.00 and over are shipped free by UPS Ground. Please contact VIP EMS Products for fees involved in shipping purchases via overnight, second-day and third-day air prices.

Refurbished EMS Products

VIP EMS Products has established a network of dealers who specialize in refurbished EMS products. Purchasing a refurbished item may save you thousands of dollars, plus most come with warranties.

Please note that availability and pricing change frequently. Please call for specific pricing. Pricing varies with specifications.

Other products include monitor defibrillators, ambulatory pumps, portable ventilators, infusion pumps, syringe pumps, pulse oximeters, AED's, vital sign monitors, apnea monitors, etc.

Please call 1-866-798-4748 and we will find what you are looking for at the most affordable pricing.

EMS Buying Co-Ops Saves Money!

Definition:

Buying Co-Ops: When two or more EMS or Fire/Rescue departments in the same geographic area, leverage the group's larger orders for EMS supplies and products for better pricing and service.

Key Concept:
Higher Purchasing Volume Drives lower costs!

The Advantages of Co-Op Buying:

- Save money compared to ordering as an individual agency
- Save on shipping costs
- Easier and faster ordering plus it saves time
- Budget more effectively

VIP EMS Products has the experience to advise you on how to set up your buying Co-Op. Call us to learn more about this program.
1-866-798-4748

In addition to the hundreds of EMS products listed in this catalog – if you need an item – we can get it for you at a competitive price. Call one of our Customer Service Representatives.

Meconium Aspirator

\$5.40 Each

This meconium aspirator attaches to any endotracheal tube and has an easy to use thumb port. Eliminates mouth suctioning of meconium of the newborn, reduces risk to EMS personnel of cross contamination of infectious diseases. Individually packaged for single patient use.

ASP-499-0472

Rusch Quicktrach®

Quick and safe ventilation in the presence of an upper-airway obstruction. Complete and pre-assembled. Unique stopper prevents damage to posterior trachea.

Ref Number	Size / Color / Description	Quantity	Price
TRA-862-2940	2.0mm, Pediatric	Each	\$163.00
TRA-698-1246	4.0mm, Adult	Each	\$163.00

AIRWAY MAINTENANCE

Nu-Trake® Emergency Cricothyrotomy Kit

Each

A fast and safe patented system providing airway access in seconds. The 15mm connector allows for immediate ventilation. Sizes 4.5, 6.0 and 7.2mm id airways.

Ref Number	Size / Color / Description	Quantity	Price
TRA-B10100	Adult	Each	\$179.00
TRA-B20100	Pediatric	Each	\$198.00

Esophageal Obturator Airway Kit®

\$45.75

See-thru mask with adjustable soft seal cushion. Applies instantly to create a seal over mouth and nose. Semi-disposable esophageal tube with air holes (obturator only). Can be easily replaced. Universal snap lock fitting on exposed end of tube. Adapts to resuscitation or ventilation equipment. Inflatable obturator cuff to block esophagus. Air syringe for inflating cuff and mask. Complete with inflation indicator.

ESO-684-4383

Esophageal Gastric Tube Airway

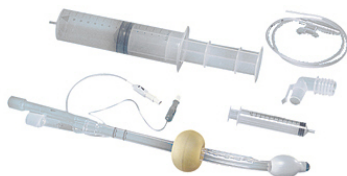

\$56.00

Same features as the Esophageal Obturator Airway plus a Levine Gastric Tube for relief of gastric pressure.

AIRWAY MAINTENANCE

Kendall Combitube® Kit In Tray

The Combitube airway is designed to establish a nonsurgical patent airway when placed into either the trachea or the esophagus. Unique double-lumen design allows for rapid establishment of an effective airway through either esophageal or tracheal placement. Blind placement eliminates the need for a laryngoscope. Pharyngeal balloon inflates to hold device firmly in place and helps prevent the escape of gas through the nose or mouth.

Ref Number	Size / Color / Description	Quantity	Price
COM-890-9695	Adult	Each	\$65.00
COM-890-6023	Small Adult	Each	\$65.00

Rusch Easytube® Kit

The Rusch EasyTube is a dual lumen tube designed for difficult or emergency airway intubation and ventilation. The Rusch EasyTube® creates a viable airway whether it is placed in the trachea or in the esophagus. When placed in the esophagus, the Rusch EasyTube® allows the use of fiber-optic devices, or passage of a suction catheter or tube exchanger. The risk of tracheal trauma is reduced to a minimum due to the single lumen at the distal tip. The complete Rusch EasyTube® set includes tube, syringes pre-filled with air, and an extra length suction catheter. Packaged in a convenient roll-up kit. Latex free.

Ref Number	Size / Color / Description	Quantity	Price
EAS-180041	41 fr., Large	Each	\$56.95
EAS-180028	28fr., Small	Each	\$56.95

AIRWAY MAINTENANCE

PosiTube® EID

\$4.30 Each

An easy to use, syringe-type device, that provides quick, tactile verification of endotracheal tube placement.

ETT-635-2707

Thomas® Tube Holder

Designed to secure the ET Tube in place after insertion in the trachea, the Thomas® Endotracheal Tube Holder is a state-of-the-art improvement over tape fastening methods. In fact, our ET Holders were ergonomically engineered from both the patient's and healthcare provider's perspective to be the most effective ET Holder on the market today. The Thomas Holder secures the ET tube in place with a quick-set screw that also facilitates easy removal without the bother and mess of tape. It also features a bite block that protects both the tube and the patient. A wide Velcro® strap holds securely and comfortably, even when wet.

Ref Number	Size / Color / Description	Quantity	Price
ETH-220-2270	Pediatric	Each	\$3.95
ETH-220-2270	Adult	Each	\$3.95

Ambu ET Tube Holder

\$3.45 Each

Unique quick connect ratchet and strap allows rescuer to secure tube with one hand. Comfortable foam pad. Fits adult and pediatric patients. Non-latex.

Payment

VIP EMS Products deals exclusively with Fire/Rescue and Ambulance departments. Your agency can either use a credit card or we will bill you on a net 30-day basis. State certified departments or agencies are NOT required to fill out a credit application. You can place your order now.

Paperwork

Any agency expecting to order “legend devices” needs to fill out the Legend Device – Medical Director’s form at the end of this catalog. Please fax this filled out for to VIP at 1-954-480-9650.

Pricing

All prices listed in this catalog are subject to change.

Damages

Under no circumstances shall VIP EMS Products be liable for incidental or consequential damages as those terms are specified in The Uniform Commercial Code.

Order online at: www.vipemsproducts.com

Privacy Policy

Protecting your privacy is a full-time priority for the staff at VIP EMS Products. Information collected on this website make online shopping possible and convenient for you. Our privacy policy is simple and straightforward: We do not sell, trade, or rent personal information about you to anyone!

VIP EMS Products may provide summary statistics about all our customers. This may include sales, key website search terms, traffic patterns, and related site information to reputable third-party vendors who work for us to maintain our website. However, these statistics do not include any identifiable individual information about you.

The staff of VIP EMS Products may release account information when we believe, in good faith, that doing so is reasonable and necessary to (a) comply with the law, (b) enforce or apply the terms of any of our user agreements or (c) protect the rights, property or safety of VIP EMS Products, customers like you, or others.

By using www.vipemsproducts.com you agree to our collecting and using this information as indicated above. If you have any questions about our privacy policy, including what information we collect, how we use it, or under what circumstances we disclose it, please contact us.

Return Policy

Because of the sterile nature of many healthcare products, VIP EMS Products does not refund or give credit for any item(s) in which the retail packaging or a sterile seal has been broken.

If the item(s) VIP EMS Products shipped you are incorrect or a defective item, we are responsible for all costs incurred in shipping the incorrect or defective merchandise back to our shipping center. We will resend the correct product or supply to you at our expense.

Damage in Shipment - We use the greatest possible care in packing our shipments. Even the most experienced carriers can have an accident where a package is damaged in transit. If your shipment is damaged when you receive it, please contact one of our Client Response Representatives within 72 hours of delivery in order to receive full credit for any product damage or loss occurring in transit. **PLEASE DO NOT OPEN THE SHIPPING BOX!** Claims for damage are honored after the carrier that delivered your order has inspected the original packaging and merchandise. Your VIP Medical Supplies Client Response Representative will arrange for the return or destruction of all merchandise at no charge to you.

VIP Medical Supplies accepts returned merchandise and provides a full refund or credit if the returned item(s) meet the following criteria:

- Item(s) must be returned within 30 days of original order date.

- Item(s) must be returned unopened in the original manufacturer packaging in a resalable condition and include all accessories, manuals, brochures and manufacturer documentation.

- Customers must contact VIP Medical Supplies and receive a Return Authorization Number (RAN) prior to returning the item(s).

- Except when the product is incorrect, defective or damaged in transit (see above), it is your responsibility to ship the product back to VIP Medical Supplies once you have a RAN.

How do I return supplies or products?

- Call our Client Response Representative toll free at 1-866-798-4748 (8:30 a.m. – 5:00 p.m. Eastern Time, Mon. – Fri.).

- You will be provided with a Return Authorization Number that is used for tracking the returned shipment of the unopened item(s).

- VIP Medical Supplies does not accept any returned item(s) without a Return Authorization Number.

- Once the product is received and inspected at VIP Medical Supplies, your credit will be issued in less than 10 business days.

Order online at: www.vipemsproducts.com

VIP Medical Supplies - Legend Authorization Form

In order to ship legend devices to your agency or department, we must have proper authorization from your medical director. Legend devices are those items containing a label/legend reading: "Caution: Federal law restricts this device to sale by or on the order of a physician or an appropriate licensed practitioner. Items include: Sodium Chloride/Normal Saline, Sterile Water, IV Catheters and Drip Sets, Needles and other sharps, ET Tubes, Nasopharyngeal Airways, LMA's, Combitubes, etc."
